

Case Reports in Pediatric Orthopaedic Surgery is a specialized section of the [Orthopedic Surgery Case Reports Journal](#) dedicated to publishing high-quality, peer-reviewed case reports and case series focused on orthopedic surgical conditions in infants, children, and adolescents. The journal aims to improve clinical decision-making, promote evidence-based pediatric orthopedic care, and share unique surgical experiences relevant to growing patients.

Scope and Focus

This journal section focuses on the diagnosis, surgical management, conservative treatment, and postoperative outcomes of pediatric orthopedic conditions. Emphasis is placed on rare disorders, congenital anomalies, growth-related deformities, complex trauma, and challenging surgical cases unique to the pediatric population.

Areas of Interest

The journal welcomes submissions in, but not limited to, the following areas:

- Congenital musculoskeletal deformities
- Pediatric fractures and trauma
- Developmental dysplasia of the hip
- Limb length discrepancy and deformity correction
- Pediatric spine deformities and disorders
- Neuromuscular orthopedic conditions
- Pediatric sports and overuse injuries
- Infections and tumors of the musculoskeletal system
- Growth plate and physal injuries
- Surgical techniques and innovations in pediatric orthopaedics

Types of Manuscripts Accepted

- Case reports
- Case series
- Clinical images in pediatric orthopaedic surgery
- Rare and unusual pediatric orthopedic conditions
- Novel surgical approaches and techniques
- Management of complications and revision surgeries

Peer Review and Publication

All manuscripts submitted to **Case Reports in Pediatric Orthopaedic Surgery** undergo a rigorous double-blind peer-review process to ensure scientific quality, ethical integrity, and clinical relevance. Accepted articles are published under the **Orthopedic Surgery Case Reports Journal** with open access to support global knowledge dissemination.

Why Publish With Us?

- Dedicated focus on pediatric orthopaedic surgery
- Rapid and transparent peer-review process
- Open-access publication model
- High visibility within the pediatric orthopaedic community

- Emphasis on clinical learning and surgical outcomes

Online Submission

Authors are requested to submit their manuscripts using our Online Manuscript Submission Portal: <https://www.orthosurgerycasereports.org/submit.html> (or) may also submit via email to: editor@orthosurgerycasereports.org.
