

**Sports Injuries Case Reports** is a specialized section of the [Orthopedic Surgery Case Reports Journal](#) dedicated to publishing high-quality, peer-reviewed case reports and case series related to sports and exercise-associated injuries. The journal aims to enhance clinical understanding, promote evidence-based orthopedic care, and share real-world clinical experiences to improve outcomes in athletes and physically active individuals.

### **Scope and Focus**

This journal section focuses on the diagnosis, management, surgical and non-surgical treatment, rehabilitation, and prevention of sports-related injuries. It highlights rare cases, unusual injury patterns, innovative treatment approaches, and challenging clinical scenarios encountered in sports medicine and orthopedic practice.

### **Areas of Interest**

The journal welcomes submissions in the following areas:

- Acute and chronic sports injuries
- Musculoskeletal injuries in athletes
- Ligament, tendon, and cartilage injuries
- Sports-related fractures and dislocations
- Concussion and sports-related head injuries
- Spine injuries associated with sports activities
- Pediatric and adolescent sports injuries
- Overuse and repetitive stress injuries
- Sports rehabilitation and physiotherapy
- Return-to-play assessment and outcomes
- Surgical and conservative management of sports injuries

### **Types of Manuscripts Accepted**

- Case reports
- Case series
- Clinical images in sports orthopedics
- Rare and unusual sports injury presentations
- Novel surgical techniques and treatment strategies
- Complications and management lessons

### **Peer Review and Publication**

All submissions to **Sports Injuries Case Reports** undergo a rigorous double-blind peer-review process to ensure scientific accuracy, ethical compliance, and clinical relevance. Accepted articles are published under the **Orthopedic Surgery Case Reports Journal** with open access to ensure global visibility and knowledge sharing.

### **Why Publish With Us?**

- Dedicated sports injury focus within an orthopedic journal
- Rapid and transparent peer-review process
- Open-access publication model

- High visibility among orthopedic and sports medicine professionals
- Emphasis on clinical learning and practical application

### **Online Submission**

Authors are requested to submit their manuscripts using our Online Manuscript Submission Portal: <https://www.orthosurgerycasereports.org/submit.html> (or) may also submit via email to: [editor@orthosurgerycasereports.org](mailto:editor@orthosurgerycasereports.org).
